

## W122 - New Positive Identification

Douglas J. Cutler (L126)

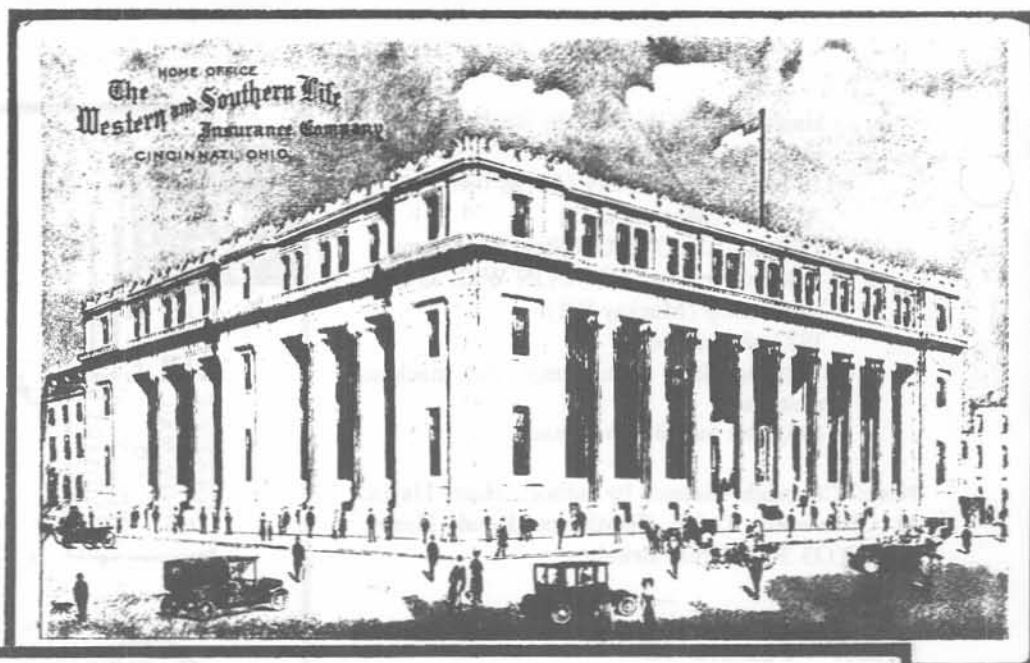

The postcard illustrated on page 78, submitted by member Charlie Adrion (#2873) shows a new positive identification for perfin pattern W122.

The 1979 edition of *The Catalog of United States Perfins* lists the positive identification as WLS Radio of Cincinnati, Ohio. The 1966 edition of the catalog lists WLS Radio as a possible user with an additional note about Sears, Roebuck & Company for pattern W122.

The late Charlie Regnier suggested that "WLS" might have been used to mean "The World's Largest Store." That would fit with the Sears, Roebuck and Company; however, in absence of proof positive, I have suggested that the new user of perfin pattern W122 is the Western and Southern Life Insurance Company of Cincinnati, Ohio. This

would then move the Radio WLS entry to the supplemental section.

Note the censor's  
tape on the left. The  
date of December 24,  
1943 is reported on  
the back of the enve-  
lope by member  
Powell.
